Q5 This monument to the Jaybird cause reflects a piece of county history in an incomplete manner. An historical marker will be placed here to tell about the significant event that happened here in 1889 in an accurate and inclusive narrative. A petition has called for the monument to be removed. In light of this, I would like to see the monument:

1	Leave it where it is!	8/21/2020 11:56 AM
2	Leave the monument be. It was erected on March 17, 1896 and has stood it its present location for 124 years. The Woodpeckers were opportunist that were always seeking gain under the reconstruction governments. They used the black community to gain office their own personal benefit.	8/21/2020 10:34 AM
3	Left alone. Keep the monument	8/21/2020 10:10 AM
4	Remain in current location	8/21/2020 10:08 AM
5	The Jaybird Monument should remain untouched and remain where it is. It makes no sense to remove it. It represents a dark history of the reconstruction era that happened not only in Richmond but throughout the southern states. Should the monument be removed from its location and when this generation of activists are dead and gone, so will be the story of the injustice which was bestowed on the black community of Richmond. I believe that is totally opposite of the message the activists are trying to send.	8/21/2020 9:37 AM

53	Nothing	8/17/2020 7:52 PM
54	Place another one with the rest of the story. Why do we need to erase history? I've lived here all 40 years of my life. Texas History is something we were taught to be proud of whether we liked it or not. It happened. We can not erase it and moving a statue or monument won't erase it either.	8/17/2020 7:18 PM
55	Leave the monument alone. Keep it, intact, where it is. Put another monument in the area that tells the other side of the story. This way, the whole story is told. If the original monument is changed, the Jaybirds will be demonized.	8/17/2020 6:36 PM

	It needs to stay where it's at and the stupid girl who started the dumb petition needs to get a life or move the hell out of here. She's not even from here!

81	Left stone and intact	8/11/2020 6:23 PM
82	Stay where it is, in original condition	8/11/2020 5:27 PM
83	History is not there for you to like or dislike. It is there for you to learn from. If it offends you, even better. Because then you are less likely to repeat it. It's not yours to erase. It belongs to all of us. Why not erect another monument regarding the good changes that have been made regarding the ability for blacks to vote? Fighting about this sets blacks back which is unfair to us.	8/11/2020 4:50 PM
84	Left alone, history can not be rewritten	8/11/2020 1:49 PM
85	Left as it is and add a plaque on the significance and derogatory actions that it represents.	8/11/2020 1:33 PM
86	Leave it alone, it's a part of history. A few people should not be deciding how history is remembered. Removing the statue will not undo history. If they don't like this country, then move to where you will be happier.	8/11/2020 12:59 PM
87	Museum of racist us history ;)	8/11/2020 12:35 PM

142	Unfortunately, it appears in this online survey that the decision has already been made to remove this monument. I would like to keep the monument where it is because it is an important chapter of Fort Bend County history at this location. There's an interesting Jaybird-Woodpecker War article in the online Wikipedia source summarizing what happened with external links providing additional detail. Maybe including an historical marker or touch-screen kiosk with interactive links to these sources and other historical points of interest within Fort Bend County would be a valuable learning tool and service to all Fort Bend County residents and anyone interested in our rich diverse history.	7/22/2020 11:25 PM
143	Tres Davis take ownership	7/22/2020 7:19 PM
144	Relocated or destroyed are both fine as long as it goes away. But I agree on having a plaque or other monument that explains the horrible actions of the Jaybird group in Fort Bend	7/22/2020 5:01 PM
145	Leave it. Destroy history and it will eventually be repeated.	7/22/2020 3:30 PM
146	To stay where it belongs	7/22/2020 3:20 PM

148	Stay at its current location	7/22/2020 2:56 AM
149	Allow the monument to stand where it is while maintaining the integrity of its original inscription. Allow the historical marker that will be placed there to provide the complete story of what happened there. Destroying or modifying the monument would take away the narrative of the jaybirds. While their history is not the full history, it is not up to us to change what is reported but to instead reveal more of the truth which is the job of every good historian.	7/21/2020 9:12 PM

156	Left alone	7/21/2020 11:13 AM
157	It does not need to be moved. The new marker is a great idea but will be incomplete if the marker is moved. The majority of FB county residents have no idea the monument exists or know its story. Without the monument in place, few if any people will stop to read the marker therefore defeating the purpose of telling the story more accurately.	7/21/2020 10:16 AM

164	Leave alone.	7/20/2020 7:40 PM
165	It can be relocated or left where it is. However a historical marker should be placed next to it, wherever it is explaining the true nature of its significance. That the men on the monument were not "heroes" at all, but racists who were trying to perpetuate white control of the Fort Bend County government through the "whites only" Democratic primary system.	7/20/2020 5:36 PM

180	Remain where it is.	7/19/2020 3:01 PM
181	It should stay where it is, as it has been there for all these years and because of the current events happening certain people want History removed!	7/19/2020 2:13 PM
182	The monument should be taken apart and its pieces moved to a not-prominent place in Wessendorf Park; an explanation nearby should include: the Jaybirds lost the county's 1888 campaign and they got upset and attacked the successful black Woodpecker faction; a white, racist political faction held sway in the community even after the Supreme Court decision in 1953 made their group illegal. Remnants of racism linger in local politics even today.	7/19/2020 1:01 PM

12	Recycle the materials and donate them to charity. Keeping a monument around representative of the slaughter or a race of people is akin to Keeping a portrait up of the person who slaughtered your child. There is no way that such a portrait would exist in my home and same for my community. Recycle so that we can recreate something representative of the true American creed of one nation...[that is] indivisible.	8/20/2020 6:04 PM

18	This monument is testimony to an ugly past rooted in political violence and race. At the least, a proper sign explaining its origins should be placed, on site next to the monument. It ought to offer a chance for people to learn and reflect on this lesson. The key is for the fair, unflinching truth to be told, now and to the future residents. Removal would be an abomination, a denial that should not be tolerated. THAT is offensive.	8/19/2020 10:23 AM

26	Signage needs to be put in place next to the monument that exists there now. This sign should tell the story of the African Americans in Ft Bend County that helped Thai to come about and the part they played in bringing about the right that the Black Citizens were given in the 15th Admendment	8/17/2020 6:01 PM
27	Get rid of the "Our Heros" sign and change the monument to one to honor the Woodpecker who died, and add something to show that equality was finally won in 1953	8/17/2020 2:56 PM

42	add a similar sized monument to the woodpeckers	8/13/2020 12:03 AM
43	A historical plaque with the full story to show the complete history	8/12/2020 10:42 PM
44	Leave it alone but add a plaque alongside that factually explains the lawsuit that opened up the election process	8/12/2020 5:26 PM
45	Junk the existing monument to a successful "Coups" in which an existing government was replaced by terrorist violence. A new monument should be made to the Woodpeckers who stood up to the white supremacists and died for their courage.	8/12/2020 3:43 PM
46	I feel the full story along with the injured and killed on both sides should be reflected. It is a teaching opportunity. If it is just removed we lose the opportunity to tell the story and reflect on the struggle and how far we have come. I have lived here for more than 20 years and knew nothing of this moment in the history of our county. It becomes much more powerful to modify it and ensure we learn our history to reflect on where we come from and how hearts and minds can change.	8/12/2020 9:54 AM
47	It should be modified to honor those who helped take the case to the supreme court. The monument itself is part of history and should be maintained.	8/12/2020 12:53 AM
48	Change it to tell a more accurate story.	8/11/2020 11:47 PM
49	I think it should be dedicated to everyone or relocated to a museum	8/11/2020 11:16 PM
50	Remove the plaques, replace them with actual heroes from Fort Bend County and put the old plaques in a museum	8/11/2020 2:37 PM
51	I was on the fence for modifying or relocating. If it were to be relocated, it still doesn't deny that it's specifically honoring white supremacy, although moving it to the lynching museum would probably be the best location. However, I feel it should be modified by removing the names of the men on it, and instead add the names of prominent woodpeckers. You could still add another plaque for context, but those men who fought for equality were the real heroes. Anyone who argues against it, like how the jaybirds fought 'corruption,' is letting their true colors show, even if not explicitly	8/11/2020 12:05 PM

123	Please take off the word "heroes" from the statue	7/20/2020 1:57 PM
124	In addition to plans of updating the memorial area with a more accurate historical representation of what occurred, I would also suggest this project add timeline specific monuments to the area. Accurately illustrating our county and nation's history is paramount for sake of growth and progress. I'm dumbfounded at any debate surrounding continued acceptance of our segregationist past considering the MANY actions that have occurred (13th & 14th amendments, lives lost, etc) over recent generations towards a period of intolerance for anything but inclusiveness for all people. So so much more is needed to educate our citizens of this county's (and country's) unflattering history. Add proper facilitation of this education such that doing so would set tone for overdue conversations, healing, growth, forgiveness and strength for all citizens to occur....something needs to be done to prevent an ugly history from repeating itself.	7/20/2020 6:35 AM

129	Make it representative or the complete and true story	7/19/2020 2:06 PM
130	there should be a confession of the transgressions by community leaders and groups. the KKK and other racist individuals should be held up as people who held onto their sore feelings that the Confederacy lost the Civil War. The lost cause was not given-up easily. The Reconstruction Period lasted a long time because of deadly conflicts like the one memorialized by this monument. It was a monument to three white men who fought violently against the legal outcome of an election. This honor doesn't seem appropriate for such criminal actions.	7/19/2020 1:01 PM
131	Tell about the horrors of what happened and why it is important	7/19/2020 10:53 AM

134	Include the names of the Woodpeckers who were killed in the fight. Also include more information about Woodpeckers.	7/18/2020 5:57 PM

This suit eventually went to the Supreme Court which declared the Jaybirds' 'whites only' primary unconstitutional in d last existing 'whites only' primary system in Fort Bend County and the United States. As a result, qualified African American voters 1953, ending the longest anwere finally afforded the rights of the Fifteenth Amendment.

136	History is important and as such any historical marker should NEVER BE REMOVED OR ALTERED. However, adding an additional plaque with modern context would be appropriate. This would allow each individual to see the differences over time and be free to come to their own understandings.	7/18/2020 10:27 AM

163	The true story should be represented with an adjoining monument to the other side!	7/16/2020 2:11 PM
164	Modify the jay bird to a dove, which symbolizes peace. Maybe add to the marker the reason for change? Turn a negative to someone into something positive!	7/16/2020 1:35 PM
165	Include the history of the lawsuit and findings of the Supreme Court decision so the entire history will be revealed.	7/16/2020 1:21 PM
166	Exoplanet historic event that happened there. I remember walking tour in elementary school learning local history. I understand black lives matter. This was my local history	7/16/2020 1:20 PM
167	I believe that the statue should be put into storage or a museum indefinitely but the pedestal left empty. This negative space will call attention to the effort to enshrine white supremacy, making it impossible to sweep under the rug. Additionally, POC will not have to be constantly visually confronted with their otherness on a day to day basis.	7/16/2020 1:05 PM
168	I chose destroyed, but I think a new monument should go up in its place to tell the entire narrative about what both sides were fighting for. But in no way should it glorify the Jaybirds. And I think any notion of trying to honor the dying wish of a man who went to battle to suppress other people is extremely misguided. Let's not let these racist figures from our past dictate who we honor in our present.	7/16/2020 1:01 PM

Once the smoke cleared, there were wounded on both sides and the dead numbered two from the Woodpecker camp, including Jake Blakely, a former County Sheriff, and Robie Smith, a young Black woman caught in the crossfire- This statue represents one side of history that day based solely on the means to do so. 203	I believe it should be modified to include the entire story and the historic significance of the battle and the events that followed. This can be done by creating a historical marker that embraces the changes and growth that we have made as a community and society. These additions can cover a portion of the monument that is inaccurate and/or unjust. No matter how terrible or history may be, we should not destroy it. Even through their mistakes, those that came before us helped create the foundations in which our city, county, and country were built on. Our history is the road map that made all of us who we are today and lead us to become the best country in the world; without it, society will falter back down the wrong path because of no direction to learn from and evolve.	7/15/2020 9:13 AM

358	Leave the monument but tell the "whole" story represent all that died that day	7/12/2020 8:14 AM
359	Take away the our heroes but keep the history of what happened	7/12/2020 8:06 AM
360	I think it should be left as is - but strangely that was not an option. If needed add historical info - approved by voters so as not to be political	7/12/2020 8:02 AM
361	Just add another monument or plaque leave this one alone	7/12/2020 7:37 AM
362	Only to preserve the history, which only seems like is relevant today with voter suppression. Accurate history should be listed, along with a modification that turns half the statue black in some way.	7/12/2020 7:34 AM
363	Add a spotlight to it so it can be better seen at night.	7/12/2020 7:31 AM
364	This monument should be removed and replaced with a monument that reflects the true history.	7/12/2020 7:26 AM
365	The title "Our Heros" is not fitting bc that implies □ of people agree with the Jaybird views. I did not know about this piece of history and found it interesting and feel it would be a great discussion piece. It's a sad time when so much of our history is being erased because it offends. We are all sinners and what gives us the right to cast stones. We need to accept and learn from the past. It feels like we are going down a road of repeating it if we are not careful.	7/12/2020 7:12 AM
366	A marker or plaque added to monument to describe events accurately.	7/12/2020 7:12 AM

376	It is important history. We learn from our past.	7/11/2020 4:27 PM
377	Add a marker that tells the complete story, explaining the causes for the conflict and the consequences that followed in full. Do not sanitize history...let it all be exposed.	7/11/2020 3:37 PM
378	I don't think the statue should be moved or modified but rather an additional marker added giving more context as the temporary marker does. Destroying history is bad for the future generations. The additional context should be added to severe as a learning mechanism for future generations.	7/11/2020 3:10 PM
379	It should equally represent both factions noting those who died from both sides.	7/11/2020 3:03 PM

400	Needs to reflect the real heroes	7/11/2020 7:16 AM
401	Tell the history and what happened to overcome injustice.	7/11/2020 7:08 AM
402	To tell the story from both viewpoints. It should be modified in a way that shares the shameful history of our past and should be used as an educational tool	7/11/2020 7:07 AM
403	Leave the monument and add a marker telling the story so people can learn history	7/11/2020 7:03 AM
404	Nothing should be modified, it's historical.	7/11/2020 5:58 AM
405	A plaque on a pole stating that the monument is not celebratory that some may claim, but highlight the deceased Jaybirds as heroes the Jaybirds on	7/11/2020 3:27 AM
406	I believe that the jaybirds whom are by today's standards clearly on the wrong side of history should not in any way be venerated. However, I also believe that destroying a 120+ year old landmark would be a loss to our community. Seeing how simply relocating the monument may cause further controversy and continue to honor those who fought for such an abhorrent cause I feel that it should be modified to reflect on the historical event itself in a unbiased fashion.	7/11/2020 1:54 AM
407	To read the full story, it needs to be told.	7/11/2020 1:47 AM
408	Tell the true unpolitical story ..	7/11/2020 1:28 AM
409	The story, similar to the way it is stated here, should be placed on or near it.	7/11/2020 1:03 AM
410	Keep the monument where it is as well as placing the marker with correct history.	7/11/2020 12:36 AM
411	This Marxist monument removal idea sweeping the nation is an unhealthy way of dealing with America's tarnished history. Instead of appreciating the art as a relic of a different time and celebrating how far we have come in the name of equality, everyone just wants to delete anything that makes them uncomfortable these days. Add another monument or plaque describing a more complete view of history if you must, but do not try to censor the past in the name of feelings.	7/11/2020 12:21 AM
412	Tell the whole story as you have here explaining everything that happened using the Header The Battle of the Jaybirds and the Woodpeckers. Take the Our Hero's off	7/11/2020 12:11 AM

418	We cannot erase history, but there should be an explanation as to what happened, how thoughts were at that time (explaining why it says, "our heroes")and how time has changed our perceptions of history and why it should NOT be repeated.	7/10/2020 11:13 PM
419	Make a new monument to tell the entire story	7/10/2020 11:12 PM
420	Modify the marker to tell the story in an accurate and inclusive manner, including the eventual overturning of the "whites only" system.	7/10/2020 10:56 PM

435	Tell the history of the monument.	7/10/2020 8:55 PM
436	Leave it there. Put the historical marker next to it.	7/10/2020 8:44 PM
437	The correct way	7/10/2020 8:41 PM
438	You are focusing on the fact that this monument represents the whites only idea that was once prevalent. The monument, when given the history of it, as the sign does, tells the story of African Americans that fought for the changes that occurred. Leave the monument but add a plaque with the whole story and photos of the men that changed our county history! As we remove all of these monuments we remove the ability to tell the stories...don't let that happen. Reshape this area to represent both sides of the story.	7/10/2020 8:41 PM
439	Add a historical marker.	7/10/2020 8:22 PM
440	No modifying...history is history	7/10/2020 7:56 PM
441	Tell the story and file off "our heroes" Should stand as a shameful reminder of racism	7/10/2020 7:53 PM

443	adapted to show both sides	7/10/2020 6:38 PM
444	The text on the monument could be modified with a modernized message that better explains they were not actually heroes. Or leave the monument as it is with a marker next to it. But I don't think it should be moved.	7/10/2020 6:24 PM
445	Add the full story to include Woodpecker side	7/10/2020 6:17 PM
446	Complete the information, or add a second monument/plaque to complete	7/10/2020 6:17 PM
